Fax: (608) 752-6620  
[www.rock.coop](http://www.rock.coop)

Dear Prospective Member:

Thank you for contacting Rock Energy Cooperative for new service.

Established in 1936, Rock Energy is a not-for-profit utility distributing safe and reliable electricity and natural gas to more than 27,000 meters across our nine-county service area in southern Wisconsin and northern Illinois. We are dedicated to providing members with the highest quality service at the lowest possible price.

This packet contains all the information you need to apply for electric and/or natural gas service. Details about electric installation can be found in the [Commercial Electric Service Standards](#) document. Natural gas details are available in the [Natural Gas Service Manual](#).

Please complete the enclosed application and return it along with the required documents by any of the following means:

<b>Email:</b>	<a href="mailto:NewMember@rock.coop">NewMember@rock.coop</a>	
<b>Fax:</b>	(608) 752-6620	(815) 389-9100
<b>Mail:</b>	Rock Energy Cooperative P.O. Box 1758 Janesville, WI 53547	Rock Energy Cooperative P.O. Box 126 South Beloit, IL 61080
<b>Drop off:</b>	2815 Kennedy Road Janesville, WI	15229 Willowbrook Road South Beloit, IL

We are looking forward to meeting your energy needs. If you have any questions, please call us at (608) 752-4550 or (866) 752-4550 between 7:30 a.m. and 4 p.m. weekdays.

Sincerely,

Rock Energy Cooperative

## Electric and Natural Gas Service Application and Agreement

1. The applicant(s) understand(s) and agree(s) that prior to installation of underground electric lines or natural gas piping, the Homeowner shall have established the final grade of the route and that after installation of the line the grade shall not be increased or decreased more than 6" without the approval of Rock Energy Cooperative (REC). If applicant is not the Homeowner, the applicant is responsible for obtaining such agreement in writing from the Homeowner and providing same to the Cooperative at no expense to the Cooperative.
2. Easement: Right of Access
  - a. The applicant(s), if also the Homeowner(s), grant to the Cooperative the right to clear for installation and maintenance of its overhead and/or underground electric line or gas piping and to use any necessary equipment in, on and across the above described land along highways and along fence lines thereon, and to extend such lines along or near property lines of such premises as may reasonably be necessary to extend service to future applicants for such service, and to permit the attachment of communication lines and equipment owned by others. If applicant is not the Homeowner, the applicant is responsible for obtaining such agreement in writing from the Homeowner and providing and same to the Cooperative at no expense to the Cooperative unless same has previously been provided to the Cooperative.
  - b. The applicant(s) jointly with other applicants on the same extension shall, without cost to the Cooperative, maintain a right-of-way, which the Cooperative has the right to clear, adequate for the extension and along a route approved by the Cooperative.
  - c. If requested by the Cooperative, the applicant(s)/homeowner shall grant to the Cooperative an easement in recordable form conveying the rights and privileges in (a) and (b) above. If applicant is not the Homeowner, the applicant is responsible for obtaining the easement in writing from the Homeowner and to provide the same to the Cooperative at no expense to the Cooperative.
3. The applicant(s) individually and jointly agree(s) to indemnify and hold harmless the Cooperative from all claims against the Cooperative because of any injury, disease or death sustained by reason of any act, omission or negligence of the applicant, or any agent, employee or subcontractor thereof.
4. This agreement shall become effective when acceptance of the application has been signed on behalf of the Cooperative.
5. The member is subject to the Cooperative's bylaws, policies and rules and regulations.
6. The member is responsible for notifying the Cooperative of contaminated media (soil, groundwater, etc.) that may be present on the premises prior to Cooperative commencing installation or extension of service. The Cooperative reserves the right to consider alternate service routes, if necessary, to avoid contaminated media. The member may be held liable for additional costs incurred by the Cooperative if contaminated media is encountered during the installation of service.

If contaminated media is encountered during the installation or extension of service, the Cooperative shall terminate the installation or extension of service and notify the member. The member is responsible for reporting the discovery of contamination to the appropriate agencies. The member, or landowner, is responsible for management of any contaminated media generated during the installation of service.
7. The Cooperative agrees to furnish, and the member agrees to take and pay for, utility service in accordance with provisions and rates; subject to all applicable rules of the Cooperative, including, but not limited to, terms and conditions on this page hereof; until such time as the member discontinues service or elects to make a written application for service under a different schedule. Such election, however, may not be exercised within a one-year period from the date of this application.
8. Member understands once meters are set, billing will begin.
9. Member understands that upon transfer of demand billed accounts, the member who is responsible for the property at the time of the coincident peak, will be the party responsible for the monthly demand charge.
10. All property of REC, which includes, but is not limited to the meter and transformer, shall remain the property of REC, and shall not be modified or altered in any way. Any modification or alteration could be extremely dangerous and is illegal.

---

### Trench Marking Agreement

---

The Member agrees the Cooperative will dig, trench, plow or bore on the member's property located at the above address for the installation of utility services. Utility rates are based on rough grade construction meaning the Cooperative will backfill and smooth over any excavations that the Cooperative performs. *Final restoration, grass seeding, watering and mowing are the member's responsibilities.*

Prior to digging, trenching or boring, the Cooperative will identify the route of the proposed excavation. The Cooperative will notify other utility owners to facilitate the marking of existing underground utilities, including electric, telephone and cable TV.

The Member agrees to physically mark the location of any and all owned obstacles that lie underground within ten feet of proposed excavation. Such obstacles include, but are not limited to, septic and sewer systems, buried wires for out-buildings or decorative lighting and LP gas lines. The Member shall mark the location of all of these obstacles with stakes or flags or by painting the ground. The Member hereby accepts any and all responsibility for damage to, or damage done by striking, any such underground obstacle the Member fails to mark or marks incorrectly.

**\*\*\* (REQUIRED FIELD) Projected Demand Load: \_\_\_\_\_ kw      \_\_\_\_\_ amps**

This value is very important. The transformer will be sized based on this information. If the value submitted to Rock Energy, requires Rock Energy to purchase and install too large of a transformer, the member will be billed annually for unused KVA and/or costs to replace and install a correct sized transformer.

# Rock Energy Cooperative

## Natural Gas Disclosure Statement (IL only)

**Important Notice:** This Disclosure Statement must be signed, dated and returned to Rock Energy Cooperative prior to the natural gas service being turned on at the address below.

Property Owner: \_\_\_\_\_ Phone Number: \_\_\_\_\_ - \_\_\_\_\_ - \_\_\_\_\_

Address of Gas Meter: \_\_\_\_\_  
\_\_\_\_\_

The above owner is requesting REC turn on the natural gas service at the above address. The following are the terms and conditions associated with turning the service on. **After the meter is set, the owner is responsible to complete the following prior to sending in the Disclosure Statement:**

- Piping completed from the meter to their appliances
- Pressure test
- External piping painted to protect from corrosion
- Pipe passing through wall wrapped without seams or folds
- Comply to all plumbing codes
- Member underground piping must be preapproved by REC

REC will make one (1) trip, without charge, to turn on the **Meter Stop** at the above natural gas service (this provision does not include nonpayment issues). Any subsequent trips to the above location, beyond the initial service call, will be subject to fees and charges. Should the above natural gas service fail to pass an REC inspection, which will include a gas creep test, REC is required to issue a Caution Card. In addition, REC may require the above owner to furnish a completed and signed Piping Statement and/or approval from the County Plumbing Inspector. The owner is responsible for any and all costs that result beyond the owner's shut-off. The owner is responsible for **removing the REC Red Tag, opening the Owners Shut-Off valve** and for all reights at the above address (see diagram below).

***By signing below, I understand that I am requesting Rock Energy Cooperative turn on the natural gas service at the above address. I understand that Rock Energy Cooperative is not responsible for any and all claims arising from turning on the natural gas service. I agree to the above terms and conditions. I further understand that should I fail to pay any charges to Rock Energy Cooperative, the natural gas service is subject to immediate disconnection. I understand that as the property owner it is my responsibility to notify my tenant, if applicable, of the information provided in this document. I agree that I am responsible for any fees resulting in my failure to do so.***
