

ROCK ENERGY COOPERATIVE

2815 Kennedy Road, P.O. Box 1758

Janesville, Wisconsin 53547

Rider LDG-1

LARGE DISTRIBUTED GENERATION RIDER

AVAILABILITY

All members that self-supply any portion of their electricity needs with aggregated distributed generating capacity greater than 100 kilowatts.

RATE

The following rates will apply to service under this schedule:

1. Service Charge: The monthly Service Charge shall equal the Service Charge under the Member's otherwise applicable electric rate schedule.
2. Demand Charges: Demand as defined herein shall be equal to the Demand Charge per kW under the Member's otherwise applicable electric sales rate schedule.
3. Capacity Charge: \$2.00 per kVA for total cooperative owned transformer(s) capacity to serve the member under the otherwise applicable electric rate schedule. For shared or member owned transformers, kVA capacity shall be determined by the size of the member's service entrance. If member is subject to a Distribution Demand Charge under their otherwise applicable electric sales rate schedule, the Distribution Demand Charge shall be removed.
4. Energy Charge: The Energy Charge shall equal the Energy Charge per kWh under the Member's otherwise applicable electric rate schedule.
5. Credits:
 - a. The Energy Credit for electricity received from member shall be equal to the energy credit received from cooperative's power supplier for qualified members.
 - b. The Demand/Capacity Credit for quantities received from member shall be equal to the demand/capacity credit received from cooperative's power supplier for qualified members.
6. Power Cost Adjustment Charge: Electric service pursuant to this Rider is subject to the Cooperative's Purchased Power Cost Adjustment Mechanism.

TERMS OF PAYMENT

A late payment charge shall equal the charge under the Member's otherwise applicable electric rate schedule.

TAXES

The State Sales Tax will be added to all charges as applicable.

Adopted: September 30, 2020
